The Honorable Roy Romer
Governor of Colorado
State Capitol, Room 103
Denver, Colorado 80203

Dear Governor Romer:

I am honored to submit this Annual Report of Condition for all state chartered commercial banks, industrial banks, and trust companies, as required by the provisions of Colorado Revised Statutes, Sections 11-2-110, 11-22-109.6, and 11-23-118, respectively.

Colorado's banking industry registered a record profit during 1994 and made remarkable improvements in asset quality. During the year, the number of problem financial institutions needing special supervisory oversight continued to decrease dramatically. Above average population growth and in-migration helped Colorado post high performances in home building, job creation, and income growth. Colorado's financial institutions have reflected the state's sound economy. Profits remained strong, decreasing slightly from the prior year due primarily to the rise in interest rates. Real estate lending also remained strong, but leveled off toward the end of the year.

The 140 state chartered commercial banks reported total deposits of \$7,516,423,000 and total assets of \$8,728,495,000, as of December 31, 1994. Assets increased by 12.9 percent over those reported in 1993. At the end of 1993, there were 156 state chartered commercial banks with total deposits of \$6,887,642,000 and total assets of \$7,728,287,000.

The 6 state chartered industrial banks reported total deposits of \$274,117,000 and total assets of \$356,809,000, as of December 31, 1994. Assets increased 7.8 percent since 1993, at which time the 6 state chartered industrial banks reported total assets of \$330,902,000 and total deposits of \$264,254,000.

Colorado has 9 state chartered trust companies that reported total trust assets of \$28,679,406,000 as of December 31, 1994. Trust assets increased 13.9 percent since 1993, at which time the 10 state chartered trust companies reported total trust assets of \$25,180,611,000. Deposits of \$1,449,069,000 were held in 3 FDIC insured trust companies. This is an increase of 20 percent from the \$1,207,203,000 in deposits held on December 31, 1993.

Also included in this report are the dollar amount and geographic distribution of Colorado loans outstanding by state chartered commercial banks conducting business in Colorado during 1994. The outstanding loans are reported in accordance with Colorado Revised Statutes, Sections 11-7-107 and 11-7-112.

Sincerely,

Barbara M.A. Walker
State Bank Commissioner
